Enabling environments for climate-smart agriculture (CSA) are the framework conditions that facilitate and support the adoption of climate-smart technologies and practices. They include policies, institutional arrangements, stakeholder involvement and gender considerations, infrastructure, insurance schemes, as well as access to weather information and advisory services.

Enabling environments | Climate-Smart Agriculture Guide

The fire at Grenfell Tower in London was a catastrophe which resulted in the deaths of 72 people. As well as the legal Inquiry into the circumstances there was an Independent Review of Building Regulations and Fire Safety commissioned by government that was published in May 2018.

Institution of Structural Engineers Republic of Ireland Branch

The A1 suffix is typically seen as part of an application identification number or grant number and "A1" is often used to refer to a new, renewal, or revision application that is amended and resubmitted after the review of a previous application with the same project number.
