A fluffer is a person employed to keep a male porn performer's penis erect on the set. These duties, which do not necessarily involve touching the actors, are considered part of the makeup department. After setting up the desired angle, the director asks the actors to hold position and calls for the fluffer to "fluff" the actors for the shot.

Sexting is sending, receiving, or forwarding sexually explicit messages, photographs, or images, primarily between mobile phones, of oneself to others. It may also include the use of a computer or any digital device. The term was first popularized early in the 21st century and is a portmanteau of sex and texting, where the latter is meant in the wide sense of sending a text possibly with images.

Today's article is a guest post from Konstantin Monastyrsky of GutSense.org. In keeping with the mission statement of Mark's Daily Apple to investigate, discuss, and critically rethink everything we've assumed to be true about health and wellness, I like to periodically give credible researchers who are challenging conventional wisdom the opportunity to share their insights and findings here.
