Itâ€™s taken 21 months, four professors, and three associate/assistant professors, and THIS is the best they could come up with? The printed version listed no author (the pdf has been updated with John Cooks name\*) yet wears the logo of the University of Western Australia (UWA), which will embarrass that university as word spreads of the intellectual weakness of their "Guide".

The causes of schizophrenia have been the subject of much debate, with various factors proposed and discounted or modified.. The language of schizophrenia research under the medical model is scientific. Such studies suggest that genetics, prenatal development, early environment, neurobiology, and psychological and social processes are important contributory factors.

Politeness theory accounts for the redressing of affronts to a person's 'face' by face-threatening acts. The concept of face was derived from Chinese into English in the 19th century. Erving Goffman would then go on to introduce the concept into academia through his theories of 'face' and 'facework'. Although politeness has been studied in a variety of cultures for many years, Penelope Brown ...

In Chapter 1 "Introduction to Organizational Communication" we read fifteen representative definitions of "organization" (see Table 1.1). All fifteen contained one or more of the following words (or their variants): system, structure, unit, collective, pattern, coordination. When we think of a "system" or "structure" we usually think of an object, a thing that exists independently ...
