

introduction to film editing pdf

Film editing is a technical part of the post-production process of filmmaking. The term is derived from the traditional process of working with film which increasingly involves the use of digital technology.. The film editor works with the raw footage, selecting shots and combines them into sequences which create a finished motion picture. Film editing is described as an art or skill, the only ...

Dramatic literature, the texts of plays that can be read, as distinct from being seen and heard in performance.. The term dramatic literature implies a contradiction in that literature originally meant something written and drama meant something performed. Most of the problems, and much of the interest, in the study of dramatic literature stem from this contradiction.
