Visual communication is the conveyance of ideas and information in forms that can be seen. Visual communication in part or whole relies on eyesight. Visual communication is a broad spectrum that includes signs, typography, drawing, graphic design, illustration, industrial design, advertising, animation, color, and electronic resources.

Visual communication - Wikipedia

Graphic communication as the name suggests is communication using graphic elements. These elements include symbols such as glyphs and icons, images such as drawings and photographs, and can include the passive contributions of substrate, color and surroundings. It is the process of creating, producing, and distributing material incorporating words and images to convey data, concepts, and emotions.
