Low cost drip- cost effective and precision irrigation

Why choose a .global domain?. The world is ever more interconnected and boundaries are constantly dissolving and changing. Whether you are big brand, a small start-up or you wish to bring people together around an idea, no other domain communicates with such clarity your global aspirations.

.Global - Home

In 1959, a grant from the Commonwealth Government enabled the Western Australian Government to start work on the massive Ord River Irrigation Scheme, a bold plan to develop part of the tropical north for intensive irrigated agriculture. The project, however, has been plagued by delays, cost blowouts and planning problems and has fail to achieve economic success.

The Ord River Irrigation Scheme - Charting a Course for

The Carrington Research Extension Center conducts research and educational programs to enhance the productivity, competitiveness, and diversity of agriculture in central North Dakota.
