In a previous post I talked about the value of certifications in the information security industry. As a result of that post a number of people asked me what certifications are available? Luckily I previously compiled a list of certifications for a study group run by ENISA (the European Network and Information Security Agency). So if you are looking to get certified in the information security ...

The Paths to the primary Certification. The table below shows the different paths and levels for Cisco Certifications. All Certifications, except for CCAR, require passing one or more theoretical exams offered by Pearson VUE. CCIE Certifications also require a hands-on exam administered at special labs around the world.
