Strategies, Technologies, and Operations Michael Pinedo Sridhar Seshadri New York University J. George Shanthikumar University of California “ Berkeley 18.1 Introduction The importance of call centers in the economy has grown dramatically since 1878, when the Bell Telephone Company began using operators to connect calls.

Chapter 18 Call Centers in Financial Services: Strategies

The power of a digital transformation strategy lies in its scope and objectives. Less digitally mature organizations tend to focus on individual technologies and have strategies that are decidedly operational in focus. Digital strategies in the most mature organizations are developed with an eye on transforming the business.
