Math 102: College Mathematics Course - Study.com

Study Resources . Most textbooks used in college-level algebra courses cover the topics in the outline above, but the approaches differ. To prepare for the College Algebra exam, it is advisable to study one or more college textbooks, which can be found in most college bookstores. A recent survey conducted by CLEP® found that the

CLEP College Algebra

Study two hours for every hour you spend in class. Because most math classes are cumulative, it is better to study for a shorter amount of time more often, then to wait until the day before the test. Study math first if it is your most difficult subject. Study with others - you will learn different approaches to reaching solutions.

PERT - Valencia College

An organized review before taking the math placement test will not only help us determine the best placement for you, but it will help you be ready to learn the new concepts when you do enroll in the math course. Here are some sites to study to help prepare you for the math portion of the placement exam or practice tests to see what you need to ...
