Education is the process of facilitating learning, or the acquisition of knowledge, skills, values, beliefs, and habits. Educational methods include storytelling, discussion, teaching, training, and directed research. Education frequently takes place under the guidance of educators, but learners may also educate themselves. Education can take place in formal or informal settings and any ...

Classroom Strategies. Explicit strategy instruction is at the core of good comprehension instruction. "Before" strategies activate students' prior knowledge and set a purpose for reading. "During" strategies help students make connections, monitor their understanding, generate questions, and stay focused. "After" strategies provide students an opportunity to summarize, question, reflect, discuss ...

Piano pedagogy is the study of the teaching of piano playing. Whereas the professional field of music education pertains to the teaching of music in school classrooms or group settings, piano pedagogy focuses on the teaching of musical skills to individual piano students. This is often done via private or semiprivate instructions, commonly referred to as piano lessons.
