Technical translation is a type of specialized translation involving the translation of documents produced by technical writers (owner's manuals, user guides, etc.), or more specifically, texts which relate to technological subject areas or texts which deal with the practical application of scientific and technological information. While the presence of specialized terminology is a feature of ...

Technical translation - Wikipedia

A technical feasibility study assesses the details of how you intend to deliver a product or service to customers. Think materials, labor, transportation, where your business will be located, and the technology that will be necessary to bring all this together. It's the logistical or tactical plan of how your business will produce, store, deliver, and track its products or services.

Some Tips for Writing a Technical Feasibility Study

This document describes a general approach to writing white papers. It answers questions like: • What is the objective of a white paper? • How is it different from other documents with similar content? • How does it work? • What are the key parts of a white paper and how are they organized? I recognize that different authors have different views on this subject

What Is a White What is the objective of a white paper
