### **textiles and politics the pdf**

Weaving, stitching, and knitting have always had a place in politics. As an act of defiance or solidarity, art gives way to expose a reality, make a statement, and in turn form a community. During World War II, knitting was an act of patriotism â€” a means to participate and make a difference.

### **Textiles and Politics - Textile Arts Center**

Textiles express who we are - our gender, age, family affiliation, occupation, religion, ethnicity and social, political, economic and legal status. Besides expressing our identity, textiles protect us from the harsh conditions of the environment, whether as clothes or shelter.

Textiles can communicate and construct status, ethnicity, gender, power, taste, and wealth, and have functioned at the nexus of artistic, economic, and political achievement in human culture. As trade goods, creative medium, and social artifact, textiles have been instrumental in generating, supporting, and challenging political power.
